# Team Email Report

The *Team Email* report provides key performance indicators for teams handling interactions of the email media type. It has the same set of metrics as the [Agent Email Report](#), combined for all agents of selected teams who handled email interactions.

This report gives performance indicators for teams handling email services

## About

Bright Pattern Contact Center software integrates with Surfly, a co-browsing solution, in order to allow co-browsing between agents in the Agent Desktop application and customers viewing specific web resources. Co-browsing is an ideal solution for helping customers negotiate confusing web pages, fill out complex forms, and so forth.

The *Surfly Integration Guide* describes how to do the following:

- Configuring your Surfly account's settings to optimize Bright Pattern Contact Center integration
- Configuring a co-browsing integration account
- Adding the integration account to a messaging/chat scenario entry
- Training your agents how to operate co-browsing with customers
