How to View an Agent's Calendar

There are a couple ways to view the calendar of an agent on your team. You can access their calendars from your own personal calendar, or you can navigate to their calendars from the agent management functions available on your *Supervision* screen.

From Your Own Calendar

1. To view an agent's calendar from your own calendar, click the **Calendar** icon on Agent Desktop's main menu. Your calendar will be shown in the Context Information Area.

2. At the top of the calendar, to the right of your name, select the down arrow to display a drop-down list of users in your directory.

3. Select the name of the agent whose calendar you wish to view. The agent's calendar will be shown in your Context Information Area. You can tell whose calendar you are viewing by looking at the name shown at the top of the calendar.

3. Click the **Show Agent's Calendar** button . The agent's calendar will be popped to your *Context Information Area*.

How to Reassign an Event

To reassign a single agent's event to another agent, view the agent's calendar. See section [How to View an Agent's Calendar](#).

1. Select the event in the agent's calendar that you want to reassign. The event properties on the right will display the event information.
